

March 23, 2020

Dear Campbell Company Distributor,

We at Campbell Company hope that you and yours are well. The Covid-19 pandemic is wreaking havoc in our already busy and confusing world. Safety must be the primary concern for all.

Campbell Company is open and operating at full steam as of the writing of this note, Monday March 23rd. We intend to continue to operate as long as it is responsible to do so. Our Engineering and other non-essential administration employees are working remotely.

Campbell Company Sales and Technical assistance are still located at our production facility, although we intend to move them to remote locations as well. We do not anticipate technical issues in our communication with these groups. It should be similar to business as normal.

If you do find that there is an issue with communication, please contact me and I will get the correct individual or group in contact with you.

Email            [Phil@pedsafety.com](mailto:Phil@pedsafety.com)

Please be as safe as you possibly can be. Follow the CDC guidelines, and think positive thoughts. We will get through this dilemma and get back to our normal lives before you know it.

Best Regards,

Phil Tate  
Campbell Company
